STATUE UNVEILED TO GEN. M'CLELLAN

President and Cabinet Officers Participate In Ceremony.

AN IMPOSING MILITARY DISPLAY

At the Unveiling Exercises Were Visiting Veterans from the Army of the Potomac, of Which General McClellan Was Commander.

Washington, May 3.—President Roosevelt, cabinet officers, army and navy officers, and men prominent in civil life, participated Thursday afternoon in the ceremonies attending the unveiling of the statue to General George B. McClellan, which has been erected in this city by the society of the Army of the Potomac.

Hundreds of old soldiers were in the city to attend the unveiling ceremonies. Of these visiting veterans, about two-thirds are from the army of the Potomac, of which General McClellan was commander, the remainder being members of the societies of the armies of the Ohio, Cumberland, and Tennessee.

The monument was unveiled at Connecticut avenue and Columbia Road at 2:30 o'clock, Brigadier General Henry C. Dwight, president of the society of the Potomac, presided over the ceremonies. Rt. Rev. Henry Y. Satterlee, bishop of Washington, opened the services with prayer, after which Brigadier General Horatio C. King, of New York, gave a brief history of the statue.

The unveiling of the statue by Dr. George McClellan was followed by a salute by the Fourth battery, United States field artillery. Addresses were made by President Roosevelt, Major Daniel E. Sickles, Major General O. O. Howard and Major General Granville M. Dodge. The parade of the troops passed the statue, and was under the command of Major General J. Franklin Bell, chief of staff of the United States army.

The military parade, which was reviewed by the president, was the closing feature of the unveiling ceremonies. The troops, consisting of all the regular army, navy and marine forces near Washington, the national guards of the District of Columbia and the state of New Jersey, assembled on Washington Heights, north of the statue and commenced marching past the president's stand immediately after the benediction. The Grand Army men formed on both sides of the line of parade and the troops marched through.

The Twenty-third infantry, Colonel Philip Reade commanding, which arrived in Washington Wednesday on the transport Sumner from the James town exposition, took part in the ceremonies.

UNEARTHING LAND FRAUDS.

Work of Secret Service Agents May Result in Startling Revelations.

Washington, May 3—Six secret service operatives are working in western Washington unearthing a series of land frauds that are said to be more astounding in their far-reaching character than the discoveries made in Oregon and California.

A secret service operative in the confidence of President Roosevelt has just been sent to the coast to take charge of the work and assemble the evidence that has been accumulated for presentation to special officers of the department of justice.

Missouri Curbs Whisky Traffic.

Jefferson City, Mo., May 3.—The house has passed a bill prohibiting brewers, distillers and wholesale liquor dealers from dealing in retail liquor. A bill giving the right to search for liquors in local option counties was also passed.

Eugene Ottley, of Atlanta, Dead.

Atlanta, May 3.—Eugene McLaran Ottley, one of the most popular of the younger business men of Atlanta, died Wednesday night at the home of his brother, John K. Ottley, from an attack of meningitis by which he was stricken Monday night.

DEATH HANDLED THROTTLE.

Interstate Commerce Commission Issues Accident Bulletin.

Washington, D. C., May 3.—The accident bulletin issued by the interstate commerce commission for the three months ending December 31, shows that during the querater casualties to railroad passengers and to railroad employees, while on duty, numbered 20,944, an increase of 1,094 over those reported during the preceding three months.

The number of passengers and employees killed in train accidents was 474, an increase of 207 over the previous quarter. The number of passengers killed in train acidents in this quarter, 180, is the largest on record, except that for the quarter ending Sept. 30, 1904. Three accidents—two collisions and one derailment—caused 143 deaths. The number of employees killed in coupling cars and engines was 84, against 81 the preceding quarter. The total number of collisions and derailments was 3,965 (2,226 collisions and 1,739 derailments), of which 391 collisions and 190 derailments affected passenger trains. The damage to cars, engines and roadway amounted to $3,099,228.

The most disastrous accident during the quarter was a collision between a passenger train and a train of empty coaches at Terra Cotta, D. C. In this accident the commission says 43 were killed, and 63 injured.

ROOSEVELT DENOUNCED.

Milwaukee Federated Trades Council Scores the President.

Milwaukee, May 3—Resolutions in which the words "unfair, prejudicial and cowardly," were used in a denouncement of the attitude of President Roosevelt in regard to the character of Moyer and Haywood, officers of the Western Federation of Miners, who are facing trial in Idaho on the charge of having murdered former Governor Steunenberg, of that state, were adopted by the Milwaukee Federated Trades council, at the bi-weekly meeting of that body Wednesday night.

Copies were directed sent to the president and to each branch of congress.

THIRD PLANTING NECESSARY.

Some Louisiana Farmers Have Bad Luck with Their Cotton.

New Orleans, La., May 3.—A third planting of cotton will be necessary in Lincoln Parish, La., on account of the unseasonable weather.

Overflows, caused by heavy rains, are the cause of the latest disaster to the crop. The farmr's one ray of hope in the situation is that the wet weather has in some measure drowned out the boll weevil.

Gloster, Miss., also reports that a new planting of cotton will be necessary. In both sections complaints are made that seed is very scarce and high priced.

Must Replant Alabama Crop.

Montgomery, Ala., May 3.—Judge Colvin Wood, of Lowndes county, says that the farmers of the Black Belt district have suffered very much from the weather conditions, and will, as a consequence, be losers. The fine weather of the early spring set them all to work, and they planted too early, using all the cotton seed on hand, at best a scarce article. The cold spell killed the plant and made replanting imperative, which is proving very trying with the difficulty of geeting seed.

Shot Woman and Himself.

St. Louis, May 3.—After climbing a two-story porch and breaking open a window, Albert Koenig ,a lineman, secured entrance into the room of Nettie Woods, on Walnut street early Thursday, and shot her. He then shot himself twice. Both were removed to the hospital, and it is believed they will die. The two recently quarreled.

Water From Jordan for Spanish Babe.

Madrid, Spain, May .—The physicians declare Queen Victoria's health to be most satisfactory. Water from the River Jordan, to be used in the baptism of the expected babe, arrived at the palace Wednesday.

DRIFT ON ATLANTIC IN LEAKING LIFEBOAT

Survivors of the Spanish Bark Orient Picked Up.

WERE CAST ABOUT MANY HOURS

They Were Rescued Barely in Time, as the Boat Went Down After the Last Man in Boat Was Taken on Deck of Fishing Smack.

Norfolk, Va., May 3.—Captain DeRochel, 14 seamen and a negro boy stowaway, survivors of the Spanish bark Oriente, which stranded off Nags Head Life Saving station, on the North Carolina coast, last Saturday night, arrived here Wednesday night, having been picked up by the fishing smack Lilla B. Fernald, of New York. They were rescued 8 miles north of Cape Hatteras, after they had been afloat in a small and leaking boat for 14 hours.

The lifeboat went down immediately after the last man stepped from it. It was with great difficulty that it was kept afloat so long.

The Fernald herself carried a crew of 17 men, and there were not sufficient accommodations and food on board for all hands, so Captain Altman abandoned his fishing expedition and brought his charges here, and they are being cared for by the Portuguese consular agent, with the exception of the stowaway, who was taken in charge by the immigration authorities.

The Oriente and her cargo of 1,600 tons of phosphate is a total loss. The vessel was bound from Barbadoes to New York.

MADE FUN FOR FORTY YEARS.

Herr Johannes Trojan, German Comic Editor, Visiting in America.

New York, May 3.—Herr Johannes Trojan, editor and publisher of the Kladderadatsch, a German comic weekly, has arrived here enroute to Toronto to visit his daughter. For forty-six years Herr Tojan, who is seventy years old, has furnished fun for the Germans.

In giving his impressions of fun in words and caricatures, he said:

"With an individual as with nations what are considered jokes in Germany undoubtedly would not be appreciated in the United States, and jests that overwhelm you Americans oftentimes leave us with a mournful countenance.

"The appreciation of humor is on an increase all over the world. Men are beginning to realize that it is a happier state of affairs to laugh than to cry. I believe your American papers are too modern, and we will stick to the old style."

Dirt in Wound Caused Lockjaw.

Atlanta, May 3.—According to a statement made by Dr. Monroe Smith the death of Grady Frazier, aged 16 years, who died of lockjaw at a private sanitarium Wednesday afternoon, was due to improper dressing of a wound. He stated that dirt was left in the hand, which had been badly mashed, and that blood poison set in as a natural result.

Large Suit Is Settled.

Birmingham, Ala., May 3.—The suit of W. H. McAfee versus the Atlanta and Birmingham Air Line Railroad, owned by the Seaboard Air Line, for $625,000, was settled by agreement Thursday for $25,000. This is the largest suit ever instituted in the Alabama lower court and grew out of a claim for pay of construction work done on the road between Birmingham and Atlanta.

Will Force Fight With Squires.

Honolulu, May 3.—Jack Johnson, the American heavy weight pugilist, who went to Australia to secure a fight with Squires, was a passenger on the steamer Sonoma, which arrived here Wednesday. Johnson said that he was returning home to force a fight with Squires, although he avoided him in Australia.

SWEEPING ORDERS ISSUED.

Ten Companies of California National Guard Mustered Out of Service.

Sacramento, Calif., May 3—Sweeping orders were issued by Adjutant Gen. Lauck Wednesday whereby ten companies of the California National Guard are mustered out of the service for "having fallen below the standard of efficiency," and by general reconstruction of the state militia organization the number of regiments is reduced from five to three, each to be a full regiment of twelve companies.

The dismissal of the ten companies comes as a result of the investigations which have been made by Colonel Thomas Wilhelm during the last few months. San Francisco is more largely affected than any other place, and that city is now almost without military organization, several companies having been dismissed some time ago from the First infantry which is now wiped out of existence.

FAST TRAIN FLIES TRACK.

Rolls Down Embankment While Going 60 Miles an Hour.

Parkersburg, W. V., May 3.—Passenger train No. 716, on the Ohio river division of the Baltimore and Ohio, the fast flyer between Kenova and Pittsburg, was wrecked at Pleasant View, 45 miles below here, Wednesday afternoon, while running at 60 miles an hour. The baggage car jumped the track, causing the engine, tank, and all of the five coaches to leave the track, the two rear cars turning over the embankment.

Twenty persons were injured, two fatally.

The cause of the wreck is assigned to the bad condition of the track.

Graham Put on Trial for His Life.

Atlanta, May 3.—Walter Graham, 22 years old, was placed on trial before Judge Roan, of the superior criminal court, Thursday morning, on the charge of murder. Graham is charged with having shot and killed George Richardson on the night of December 23 on Jenkins street. Richardson was with several friends passing along the street when shot to death. Later a hat was found, which was identified as belonging to Graham, and it was this that led to his arrest. The grand jury returned an indictment on the evidence given them by the detectives. Attorney Reuben Arnold is defending Graham. Solicitor Hill is appearing for the state.

False Rumor Started Run.

Tampa, Fla., May 3.—A run on the Bank of Ybor City caused by a false rumor circulated among the Cuban and Italian depositors in the savings department, occurred Wednesday. A large number of foreign element surrounded the bank building and demanded their money. The bank, which is backed by the Citizens' Bank and Trust company, met the demand and when officers of other banks and prominent citizens arrived with deposits ranging from $2,000 to $5,000 confidence was restored and 60 per cent of the money withdrawn was redeposited by noon.

Council Closes Valdosta Saloons.

Valdosta, Ga., May 3.—Valdosta's perennial whisky fight came up in the meeting of the city council on Wednesday with the result that a resolution was passed closing the saloons. Each side has different views as to the legality of the action. There are six councilmen, four of them being avowed prohibitionists and the other two anti-prohibitionists, Mayor Roberts being also opposed to any such action by council.

Troops Called to Suppress Revolt.

St. Petersburg, May 3—Troops had to be called in to suppress a revolt of political prisoners in the jail of the Voborg quarter Thursday morning. The soldiers fired a volley, killing one man and wounding several others.

To Double Track Great Road.

St. Petersburg, May 3.—The meeting of the ministers has decided to double track the Siberian railroad. The section from Atchinsk to Irkutsk will be doubled this year.

OPEN SWITCH WRECKS TRAIN ON CENTRAL

One Is Killed and Several Hurt In Dixie Flyer Accident.

OCCURRED AT ORCHARD HILL,

Immediately After the Crash, Wreckage Took Fire, but Was Extinguished Before Any Serious Damage Was Done.

Griffin, Ga., May 3.—Central of Georgia Railway passenger train, No. 91, known as the Dixie Flyer, which left Macon at 4:30 o'clock Thursday morning, was wrecked at 7 o'clock at Orchard Hill, near Griffin.

Jim Fane, negro helper on the express car, from Jacksonville, Fla., was killed. He was making his first run.

Express Messengers J. R. Pierce, of Macon, and L. Jelks, of Jacksonville, were hurt. Jelks sustained a broken arm and was badly cut about the head.

None of the passengers were hurt. Mrs. George M. Chapin, wife of the Atlanta manager of the Associated Press, was a passenger on the train, but she escaped unhurt.

The wreck was due to an open switch, and most of the coaches were derailed.

Immediately after the crash the wreckage took fire, but the flames were quickly extinguished.

The engine and two first cars got over the switch without accident, but the express car leaped the track. Following this the trucks of three of the coaches were torn apart.

The train was in charge of Conductor Pritchard and Engineer Wall, both of Jacksonville.

Soon after the wreck was reported, the wrecking train reached the scene, and it is stated by the officials that the track will be cleared in a short time.

INSANITY PLEA BL CHISHOLM.

Former Paying Teller on Trial at Birmingham, Ala.

Birmingham, Ala., May 3.—The trial of Alex R. Chisholm, former paying teller of the First National bank, of Birmingham, charged with having embezzled $100,000 of the bank's funds, which, it is alleged, he lost in cotton speculation, began in the federal court Wednesday. It is the second trial, a mistrial having been made in the case last fall because of the illness of a juror long after the trial had begun.

A jury was soon selected, and the indictment, which contained forty-seven counts, was read.

Through his attorney, Captain F. S. White, Chisholm entered a plea of not guilty, Captain White explaining that the plea of the defense was insanity. The defendant in pleading not guilty, Captain White said, did not deny that he took the money, but that he took it while laboring under a delusion that he could corner the cotton market of the world.

Lynching Barely Averted.

Decatur, Ala., May 3.—A lynching was barely averted here Wednesday afternoon by the prompt action of the authorities, who speedily organized a grand jury, indicted a negro named Lipscomb, and spirited him off to Birmingham, for safe keeping. The negro had attempted an assault on Mrs. Schrumpsher, a daughter of former Sheriff Silas P. Ryan. She was alone in the back yard of her home when attacked, and her screams frightened the assailant away. He was later captured and identified.

Tragedy at South Point, Ohio.

Ironton, O., May 3.—Dr. Wayne McCoy, a prominent physician at South Point, was shot and instantly killed Wednesday night by Captain John Davis, of the Portsmouth ferry boat. Captain Davis claims that he was defending the sanctity of his home, as he had returned unexpectedly at midnight and found Dr. McCoy in his wife's room. Davis fled to Kentucky.

OAKS TO CHANGE HANDS.

James Van Allen of Archer Will Assume Management on June 1.

The Oaks Hotel, one of the most desirable resorts of the kind in this section of the State, is to change hands, and on June 1 James Van Allen, formerly of this city but for the past few months of Archer, will assume the management of the hotel.

Mr. Van Allen, in talking to a Sun reporter, stated that the hotel would be renovated, repaired and thoroughly refurnished, and he proposed to make it one of the best and most up-to-date hostelries in Florida.

Mr. Van Allen is a business man of conservative judgment, and will no doubt make The Oaks a popular resort with the traveling public, as he declares there will be nothing but first-class service.

The Oaks is desirably situated, surrounded by a beautiful grove of oaks, and is one of the most desirable stopping places in the State.

Church Soliciting Funds.

Mt. Moriah Baptist church, colored, desirious of making improvements on their building and purchasing a bell, have started a subscription list, which the good sisters and brothers of the church are circulating with a great deal of energy. They have requested The Sun to make this announcement, and if anyone who holds a card happens to approach you, you will be in a position to understand the proposition. Mt. Moriah is one of the oldest and strongest churches of the negroes in Gainesville, and is deserving of whatever support the public feels able to give.

Friday's Chowder.

With a desire to spend a day in the woods, a number of gentlemen hied themselves away to the waterworks Friday, indulging in a fish dinner. The chowder was prepared under the personal supervision of Dave Robertson, which was an assurance that it was all that could be desired. The party returned to the city late in the afternoon, a tired but contented lot.

Would Be Unpopular in South.

New Orleans, May 2.—Gustav R. Westfeldt, a prominent business man of New Orleans and a member of the board of administrators of Tulane university has written a letter to the British ambassador at Washington, advising against the appointment of negroes to Cecil Rhodes scholarships of Oxford university. Mr. Westfeldt's letter is appropos of the recent appointment of a Pennsylvania negro to one of these scholarships. He believes that the appointment of negroes will make the Rhodes scholarships unpopular in the south.

PASTOR CAUSES SENSATION.

Mysteriously Leaves His Charge as Does Lady Member of Church.

New York, May 3.—Members of the fashionable Episcopal church at Hempstead, L. I., were astonished Thursday when they learned that their pastor, the Rev. John Knode Cooke, had department from Hempstead, and that Miss Floretta Whaley also had left her home and had written letters saying she would not return. The Rev. Cooke is married to a daughter of Rienzi A. Clarke, of Hartford, Conn.

She left Hempstead some time ago,

That no official cognizance is to be taken of the mysterious departure was made evident from a formal statement which was issued Thursday by Bishop Burgess, of the diocese of Long Island. He says that immediate action will be taken by the vestry of St. George's church to fill the vacancy caused by the departure of Mr. Cooke.

"The vestry is overwhelmed by the unexpected calamity," said Bishop Burgess, and is at a loss to account for it. I am inclined to the belief that Dr. Cooke cannot be of sound mind. Three years ago he had been in a trolley car collision and he has been a nervous wreck ever since. He had a leave of absence for a year and went to Europe to recuperate but his condition since his return has been poor. The church and its property are in the best of condition. The funds are intact."

PENNSYLVANIA GRAFTERS.

Ready to Take Widows' Mite as Well as Rob the State.

Harrisburg, Pa., May 3.—The most interesting witness Wednesday before the commission, which is investigating charges of extravagance in furnishing Pennsylvania's state capitol, was Mrs. W. E. Anthony, a widow of Williamsport, who told about a deal with J. M. Huston, architect of the capitol; John H. Sanderson, contractor for the furnishings, and others who had attempted to make contracts with her for serpentine marble from a quarry left her by her husband.

"They refused to allow me," said Mrs. Anthony, "50 per cent of the proceeds from a new company they desired to organize, but I was given to understand that 40 per cent of that amount must be diveded up among their friends. That would have left me only 10 per cent for the marble, so I decided it would be better to give it away and declined to negotiate with them further. The other 50 per cent, they told me, would be used for operating expenses at the quarry."

At the close of the hearing the commision announced an adjournment for an indefinite period.

YOUR GRANDMOTHER USED IT.

But She Never Had Sulphur in Such Convenient Form as This.

Your grandmother used Sulphur as her favorite household remedy, and so did her grandmother. Sulphur has been curing skin and blood diseases for a hundred years.

But in the old days they had to take powdered sulphur. Now HANCOCK'S LIQUID SULPHUR gives it to you in the best possible form and you get the full benefit.

HANCOCK'S LIQUID SULPHUR and OINTMENT, quickly cure Eczema, Tetter, Salt Rheum and all Skin Diseases. It cured an ugly ulcer for Mrs. Ann W. Willett, of Washington, D. C., in three days.

Taken internally, it purifies the blood and clears the complexion. Your druggist sells it.

Sulphur Booklet free, if you write HANCOCK LIQUID SULPHUR COMPANY, Baltimore.

Failed to Win Lahn Cup.

Golconda, Ill., May 3.—Captain C. DeF. Chandler, United States signal service officer, and . C. McCoy, of New York, failed to break the long distance balloon record, and to win the Lahn cup. The balloon, which left St. Louis Tuesday evening, landed five miles north of Golconda Wednesday afternoon. To have won the Lahn cup the balloon would have to go more than 402 miles, while Golconda is only 130 miles from St. Louis.

FAVORABLE COMMENT.

Roosevelt's Speech as Viewed by Russian Newspapers.

St. Petersburg, May 3—President Roosevelt's speech at the inauguration of the Jamestown exposition, which reached here in detail Wednesday, is favorably commented on by several papers.

The Novoe Vremya devotes a leading article to it, quoting especially the president's references to the trusts and labor unions. It says:

"The protection of the state aaginst the dangers of the two antipodal combinations, capital and labor, is now the greatest task of the country on both sides of the Atlantic. America has survived more than one crisis which threatened her existence. We hope with President Roosevelt that America and also Europe will successfully solve the present problems in the struggle between capital and labor."

Yet He Didn't Need Them.

He had been calling on a young lady for many moons; but, being backward, his suit progressed slowly. Finally she decided it was up to her to start something, so the next time he called she pointed to the rose in his buttonhole and said:

"I'll give you a kiss for that rose." A large, open face blush meandered over his countenance, but the exchange was made. Then he grabbed his hat and started to leave the room.

"Why, where are you going?" she asked in surprise.

"To the—er—florist for more roses," he exclaimed.

THURSDAY'S WORK AT STATE CAPITOL

Both Branches of Legislature Busy During the Day.

HELD AFTERNOON SESSIONS

Business is Becoming So Heavy that Two Sessions Each Day are Necessary—Many Measures of Importance Taken Up and Disposed of.

The Senate Thursday morning was confronted by a thirty-two page calendar, while the House had to wrestle with forty-three pages.

Both Houses held afternoon sessions to expedite legislation, a dozen or more bills being passed on third reading in the Senate and a large number of House bills being either withdrawn or advanced to third reading.

The Senate had three special orders—the Trammell franchise bill, a substitute for which was introduced by Mr. Trammell and it was a special order for Friday; the Hudson bill for an extension to the State capital and the Sams bill for the erection of a supreme court building, all of which, together with Senator Zim's resolution endorsing William Jennings Bryan for the Presidency, were informally passed until Friday.

Mr. Trammell's bill making the maximum telegraph rate twenty-five cents for the first ten words and two cents each additional word was lost in the Senate by a vote of 25 to 5, President Harris leaving the chair to speak against the bill.

Mr. Crane's bill was then passed making telegraph companies liable for $10 to senders of telegrams for failure to deliver messages in a reasonable time, there being only one dissenting vote.

Important Senate matters in the afternoon were the executive session, and the passage of the Adams bill for inspection, care and maintenance of county convicts.

In the House this morning on the concurrent resolution by Mr. Pettigrew, the sole Socialist member, requesting that a convention be called proposing amendments to the federal constitution, providing for election by a direct vote of United States Senators and for an income and inheritance tax, the vote was not unanimous, but there was no opposition to either resolution on the floor.

The committee on finance and taxation bill in the House fixing salaries of State cabinet officers at $3,000 a year passed its second reading with amendments including the adjutant general at $3,000 and the State chemist at $2,500.

Another bill also passed its second reading making the salary of State auditor $2,500 and assistant auditor $2,250.

The House consumed part of the morning and most of the afternoon discussing the Carter bill requiring candidates for admission to the bar to be examined by the supreme court. Messrs. Carter and Farris spoke for the bill; Messrs Calkins and Willis, of Levy against it, more or less personal feeling developing in the debate. Mr. Matthews of Marion also spoke against the bill, motion to postpone indefinitely being lost by a vote of 17 to 33.

SENATE PROCEEDINGS.

The Senate was called to order at 10 o'clock in the morning, and after prayer and a correction of the calendar, the following new bills were taken up:

By Mr. Beard—Relating to revision of the muster rolls of records and history of soldiers of Florida.

By Mr. Leggett—Relating to deeds and mortgages.

By Mr. Hudson—To regulate the treatment of orphan children.

By Mr. Neel—For appropriation for West Florida fair.

Bills on Third Reading.

By Mr. Trammell, Senate bill No. 1—Relating to charges of telegraph companies, regulating charges to 25 cents for ten words. But lost by a vote of 25 to 5, after considerable discussion.

Senate bill No. 116, by Mr. Crane—Favorable report with amendment by committee on canals and telegraphs, providing a penalty for delay in delivery of telegraph and telephone messages within the State of Florida, was passed by a vote of 29 to 1, Mr. Bird, only, voting no. The bill, as passed, refers only to telegraph messages.

Hadn't Been Drunk.

He evidently wasn't used to the ways of big hotels. He looked as though he might have been from some Kansas farm and was in a large city for the first time. Somehow he had heard that the next morning men who had been absorbing intoxicants drink lots of ice water.

"Say," he said to C. T. Newton behind the desk at the Shirley hotel about 8 o'clock in the morning, "the other clerk last night told me to ask fer things over the little telephone in my room when I wanted 'em."

"Yes," said Newton.

"Well, this morning, about a half hour ago, I asked fer a glass of ice water. Some girl answered the telephone."

"Yes."

"Well, I don't like to be took fer a heavy drinker. I wasn't drunk last night."

"What do you mean?"

"Jes' this: I didn't get no glass of ice water. That girl sent me up a whole pitcher. It looked mighty much to me like she thought I was full of liquor last night and would need a whole pitcher. A glass would 'a' been enough." And as he turned and strode away he wore one of those "Guess I didn't call him down, eh?" looks.—Denver Post.

RHEUMATISM CAN BE CURED.

That rheumatism is one of the most obstinate of diseases most physicians will declare, and that once it takes firm hold upon the human system its victim is in for a period of great suffering is equally true. Modern methods in medicine are, however, doing much to rob rheumatism of its terrors, and doctors of wide experience say that in the treatment of the disease great success follows the faithful use of these prescriptions: Have a good druggist prepare anti-rheumatic tablets composed of 2½ grains Sodium Bicarbonate, 3 grains Salicylic Acid and 1 minimum Wine of Colchicum. Take one of these tablets before each meal, following it immediately with a glass of water. After each meal take one tablespoonful of a preparation of ¼ oz. Fluid Extract of Buchu, 1 dram Fluid Extract of Horse Nettle, 1 oz. Amet Cordial, ¼ oz. Fluid Extract of Liverwort and 14 ozs. water. Any first-class pharmacy can compound these prescriptions. The treatment, which should be continued for a month, is reported to work wonders, even in cases that resisted other medicines.

A Very Practical Christian.

A benevolent old man who lived on his farm in Iowa never refused shelter to any who might ask it of him. His many friends remonstrated with him about this characteristic, knowing that many unscrupulous hoboes would avail themselves of the opportunity and that there was great danger of the old man being robbed. To these remonstrances the old man replied that he believed in "practical Christianity."

"But," said one of his friends, "this seems very impractical. Suppose one of these men took it into his head to rob you one night?"

"My dear young friend," was the reply, "I bid all enter in the name of God, but I prove my belief in practical Christianity by locking up their pants during the night."

Poll Parrot as a Game Bird.

While the parrot is a bird of beautiful plumage, as a table delicacy it is not to be recommended, as I know from sad experience. My first essay at eating a parrot was attended with modified success. The bird must have been comparatively young, and after several hours' boiling became soft enough to masticate and finally swallow, leaving behind it an impression that we had lunched on the sole of a rubber boot.—Arthur D. Temple in Field and Stream.

If You Don't

Succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints. Mr. C—, of Emory, Texas, writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by W. M. Johnson.

Johnny's Horrid Finish.

"If you don't quit eating so much, Johnny," exclaimed Mrs. Lapsling, horrified at the gluttonous propensities of her youngest, "the first thing you know you'll be a regular filibuster!"—Chicago Tribune.

The Newest and Best

TIRED AND SICK YET MUST WORK

MRS. AUG. LYON

"Man may work from sun to sun but woman's work is never done."

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo and often suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these women that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, comes as a blessing. When the spirits are depressed, the head and back aches, there are dragging-down pains, nervousness, sleeplessness, and reluctance to go anywhere, these are only symptoms which unless heeded, are soon followed by the worst forms of Female Complaints.

Lydia E. Pinkham's Vegetable Compound

keeps the feminine organism ina strong and healthy condition. It cures Inflammation, Ulceration, displacements, and organic troubles. In preparing for child-birth and to carry women safely through the Change of Life it is most efficient.

Mrs. Augustus Lyon, of East Earl, Pa., writes:—Dear Mrs. Pinkham:—"For a long time I suffered from female troubles and had all kinds of aches and pains in the lower part of back and sides, I could not sleep and had no appetite. Since taking Lydia E. Pinkham's Vegetable Compound and following the advice which you gave me I feel like a new woman and I cannot praise your medicine too highly."

Mrs. Pinkham's Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case. Her advice is free and always helpful.

RESIGNED PRESIDENCY

Because He Could Not Secure Pass Over His Own Line.

Chicago, May 3.—A dispatch to the Record-Herald from New Orleans, says:

Because he could not secure a pass over his own line, former Governor H. C. Warmoth W dnesday resigned the presidency of the New Orleans, Ft. Jackson and Grand Isle railroad, 60-mile line, extending down the banks of the Mississippi river. He held the office 17 years. Bondholders took over the property in 1896, and since then have been forced to economize on every item. The railroad extends past the plantation home of Mr. Warmoth, who made daily trips to New Orleans.

To Advance Freight Rates.

Pittsburg, May 3.—Railroads in the Pittsburg district have filed tariffs with the interstate commerce commission for an advance in freight rates to become effective June 1. Probably the most important feature of the advanced rates so far as Pittsburg is concerned in the general increase of 10 per cent on all iron and steel finished materials and the advance of 7½ per cent on pig iron and billets.

Record Number of Immigrants.

New York, May 3.—Ten trans-Atlantic liners brought more than 15,000 aliens to this port Wednesday, which is a record number of immigrants for one day. Most of the steamers anchored in the harbor and will probably not be able to land their steerage passengers for several days. The fog which shrouded the coast early this week kept several of the ships outside Sand Hook, for from 36 to 48 hours.

Annual Meeting Whist League.

New oYrk, May 3.—The woman's whist league, comprising more than 3,000 players and more than a hundred clubs throughout the country, will hold its annual contest at the Hotel Waldorf-Astoria next week, beginning Monday. Several notable trophies will be contested for, among them the Washington trophy for the championship of club fours, and the Philadelphia trophy for club pairs.

ADVICE TO RHEUMATICS

Noted Physician Tells How to Prevent and Cure Rheumatism, Kidney and Bladder Troubles.

(By George Edmund Flood, M. D.)

If you would avoid Rheumatism and Kidney and Bladder Troubles be moderate in the consumption of heavy, rich foods, substitute as far as possible soups, broths, fresh milk, and water—lots of water. Take plenty of time to eat, and don't eat after you have had enough, even if it does taste good. If your work is confining take a moderate amount of exercise each day in the open air.

Of course, neither diet, water, rest, nor exercise will cure these afflictions. I advise them as preventives only. For the benefit of the readers of this article who are now afflicted with Rheumatism, Kidney, Bladder or Urinary trouble and desire to be cured quickly, I give below, complete in every detail, the famous prescription which has made me so successful in the treatment of those diseases that I have ever used. It is pleasant to take, it is not expensive, it can be filled by any druggist, and I believe it is the greatest prescription for Rheumatism, Kidney and Bladder Trouble ever written. It is also a valuable spring tonic and blood purifier. If you are a sufferer, save this, take it to your druggist and have it filled, or get the ingredients and mix them at home. Fluid Extract Cascara Armatic, ½ ounce; Concentrated Barkola Compound, 1 ounce; Fluid Extract Prickly Ash Bark, ½ drachm; Aromatic Elixir, 4 ounces.

Adult dose, take one teaspoonful after meals and at bedtime; children, one-fourth to one-half teaspoonful after meals.

After you are cured follow the advise I have given you in regard to diet, exercise and water, and you will not need the service of a physician again for these ailments.

High Game and Fools.

"Never eat game high," said an antiquary. "People will tell you that high game is tenderer. What rot! Of course it is tenderer, but would you want your steak or your chop spoiled in order that it might be a little softer to the teeth? No, never! Highness in game is an anachronism, a relic of the past, a relic of the days of stage coaches. In those days it was impossible to deliver game to the cities fresh—transit was too slow. All game was high, and men ate it high because otherwise they couldn't eat it at all; hence to eat game high nowadays, when there is no necessity for it, is to be a fool."—Cincinnati Enquirer.

Buddha's Six Essentials.

Buddha, who reformed the Hindoo religion more than 500 years before Christ, established for men six essentials of perfection—first, knowledge, used to distinguish the true from the false; second, energy, which is used to fight against the evils of the flesh; third, purity; fourth, patience; fifth, charity (i. e., loving kindness); sixth, almsgiving.

A Hard Crack.

"Well," said he, anxious to make up their quarrel of yesterday, "aren't you curious to know what's in this parcel?"

"Not very," replied his wife indifferently.

"Well, it's something for the one I love best in the world."

"Ah, I suppose it's those new collars you said you needed."—Tit-Bits.

The Primitive Violin.

In its primitive form the violin was a direct development of the lyre and monochord—the strings from the former and the elongated box, with its sound holes, finger board and movable bridge, from the latter. The history of the violin began with the invention of the bow some time before the thirteenth century, when the volle, or vielle, used by the troubadours, made its appearance. This instrument underwent many changes until the middle of the sixteenth century, when the true violin model appeared. The primitive violin had little or no contour. It was not until the thirteenth century that the vielle was scooped out at the waist. The corner blocks were added in the fifteenth century and are attributed to Germany. For nearly a century the sound holes were shifted all over the instrument before they were cut in their proper place and the bridge fixed between them.—Circle Magazine.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WHY NOT RAISE POULTRY?

It is just as honorable and respectable business to raise poultry for market as it is to produce any other staple of the farm. The man who diversifies and converts the product of his brain and labor into money along the lines of honest endeavor, sets an example which is worthy of emulation by his neighbors.

At present high prices for these products, the business presents an inviting field and we hope that these industries will be developed and broadened to a much greater degree in the future.

The price of an average hen in the retail groceries at the present time is 65 to 75 cents and we presume the same prices hold good in all other cities. Eggs are 25 to 30 cents per dozen and frying-size chickens are from forty to sixty cents each. Most of the poultry, eggs and butter which come to the markets of our large Southern cities to supply the people are shipped from Northern and Western States the same as our corn, hay, beef and bacon. It is an undeniable and irrefutable truth that all of these staple commodities and necessary food supplies can be better raised in the South, especially poultry.

Here is presented an opportunity for diversification on the farms of the South which should no longer be ignored, and it is a decided reflection upon the agricultural methods of the South that our border States should be depended upon to supply the steady and healthy demands of our leading towns and cities for such a necessary food supply as poultry.

If Florida should continue to grow for the next ten years as she has for the last half decade, she will become even a greater State and a great population will be within her borders. Crystal is rapidly developing the hidden treasures of the land of perpetual sunshine, her agricultural and horticultural development is exceeding the most sanguine expectations, and it does seem that the State's future is aglow with bright prospects. A greater part of the people are out of debt, our mercantile establishments are doing a nice business, the banking institutions are flourishing, the farmer is doing well. All in all, our people are happy, contented and prosperous.—Wauchula Advocate.

It appears from an Associated Press report that the negro is not held in high favor in Indiana. Near Greensburg the feeling is bitter, as a result of an assault by a negro upon the person of Mrs. Sefton, an elderly white lady. Six negroes were badly beaten, saloons and other resorts frequented by that race were demolished, and all negroes of inferior character were ordered to leave town. The mob was composed of more than 500.

A Kansas woman, upon reading an item in a newspaper telling of the death of a person of the same name, exclaimed, "Oh, I'm dead—the paper says so" and at once fell over, dead in fact. This should serve as a solemn warning to people not to believe everything they see in newspapers. Governor Broward thinks they lie sometimes.—Lakeland Sun.

MR. ROWELL ON FLORIDA.

Geo. P. Rowell, editor of Printer's Ink, a weekly journal for printers and advertisers, and compiler of the Rowell Newspaper Directory, either through ignorance of the fact or for some designing reasons, has seen fit in an article in Printer's Ink of April 24, over his own signature, to grossly misrepresent our State in many of his statements. In fact, none of them are correct, and it is the duty of the Florida Press to take the matter up and call the author to time.

In the first place, Mr. Rowell states that there is only one paper published in Tallahassee, The Sun, which makes its appearance, when in fact there are two first-class weeklies, The Sun and The True Democrat. Mr. Rowell, above anyone else, should know the facts regarding that of which he makes a study and business. He "knocks" the State again by the assertion that, "such as they are, Florida issues over 150 newspapers and periodicals, and it is quite probable that there are more than a hundred Florida papers that do not have a list of subscribers that would count as many as 200 names." The Sun doubts seriously if there are a dozen in this class, for, as a rule, the Florida weekly is a widely circulated paper in proportion to population—more widely in proportion than the majority of papers in other States, by reason of the fact that Florida is composed of an intelligent class of people, made up from every section of the United States, and as a rule people of refinement who insist upon reading the papers. One may find in the rural districts of Florida the very essence of integrity, people from everywhere who have come to live among us, some because of the infatuating climate and fertility of soil, some because of their health—and in fact, for various reasons. Ninety per cent of this class who are engaged in farming or horticulture or trucking are subscribers to their county paper. Simply because the publishers of these papers, who, in many instances are indifferent as to whether they make a report to Mr. Rowell's directory or not, they are credited with "less than 200 copies circulation."

Mr. Rowell makes another blunder of the grossest kind when he states that there are no stones in Florida, and that it would be impossible to secure one in the entire State large enough to make a door-step, or even big enough to throw at a dog. Right here in Alachua county we can disprove that assertion, and if Mr. Rowell is willing to pay the freight we can supply him with not only stones for his door-step, but also a sufficiency of good ones large enough to throw at all the canines which come his way.

The dreamy author of this attack on Florida's resources declares that we have no hard roads, and that the surface of sand road is covered with marsh grass or forest leaves, and this again with sea shells. It is needless to defend this attack, for everyone who has visited Florida knows that, while we may not have so great a mileage, no better roads are to be found in the United States than the roads of Florida, constructed of material mined from the earth of this State, which Mr. Rowell states is "nothing but sand, sand, sand."

Next to the peonage articles which have become famous, this article of Geo. P. Rowell is the most unjust misrepresentation of Florida ever published.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

Articles of Incorporation of the "Alachua Trading and Improvement Co."

We, the undersigned, have associated ourselves together and do hereby associate ourselves together for the purpose of forming ourselves into a body corporate under and by virtue of the laws of the State of Florida, and do adopt the following articles of incorporation:

ARTICLE 1—The name of this corporation is Alachua Trading and Improvement Company, and its principal place of business shall be in Tyler, Florida, but such branch offices, agencies, and other places of business, may be established elsewhere in the State of Florida and the United States, as the board of directors shall from time to time determine.

ARTICLE 2—The general nature of the business to be conducted, prosecuted, and engaged in, is to do any or all of the things herein set forth to the same extent as natural persons might or could do, that is to establish, conduct and maintain a general trading, mercantile, supply and manufacturing business, to buy, sell, pledge, handle and deal in and with all kinds of merchandise and personal property, to buy, sell, purchase, acquire, hold, use, lease and mortgage real estate, city or town property of every kind or description, to buy, sell, rent, and lease houses and other buildings and structures, to buy, build, rent and lease hotels, stores, commissaries and to establish and conduct the same and carry on the business of general merchants, to engage in and carry on the business of supplying gas, both natural and artificial for heat, light and power, to engage in and carry on the business of supplying water for private and public use, and to have and hold pipe lines and pumping stations for carrying on said business, to engage in and carry on the business of manufacturing ice and refrigeration for public and private use, to engage in and carry on the business of manufacturing and supplying electricity for light, heat, and power, to buy, construct, lease and carry on the business of communication by telephone, telegraph, or other means of communication and to construct and maintain the poles, wires and structures necessary to carry on said business, and to engage generally in the business of a Public Service Corporation, as may be determined by the board of directors to be advantageous to the business of the corporation. This corporation shall have the right to enter into, make and perform and carry out contracts of every kind and description with any person, firm, association or corporation. This corporation shall have the right to borrow money upon the issue of warrants, bonds or other negotiable securities of this corporation, to purchase, hold, and re-issue shares of its own capital stock, to buy, sell, own, and to dispose of shares and to make advances upon stocks, shares, bonds, securities or obligations of all other corporations or persons watsoever, whereever located or organized, and while the owner or holder thereof of such shares, stocks, bonds, or securities to exercise all the rights, powers, and privileges of the ownership thereof and to exercise any and all voting powers thereof.

This corporation shall have, use and enjoy all the rights, powers, and privileges granted to corporations for profit under the laws of the State of Florida. The foregoing shall be construed both as to its object and powers, and it is hereby expressly provided that the foregoing specific powers shall not in any way limit or restrict the powers of this corporation.

ARTICLE 3—The capital stock of this corporation shall be One Hundred Thousand Dollars divided into One Thousand shares of the par value of One Hundred Dolairs each. Said stock shall be paid in, in lawful money of the United States, or payable in property, labor or services at a just valuation to be fixed by the directors at a meeting to be called for that purpose.

ARTICLE 4— The term for which this corporation shall exist, shall be Ninety-Nine years from the date of the letters patent.

ARTICLE 5, Sec. 1—The business of this corporation shall be conducted by a president, a vice-president, secretary and treasurer, and a board of six directors. The number of directors may be incresed or diminished by the by-laws. The directors shall be elected by the stock holders at each annual meeting. All other officers and agents of this corporation shall be elected annually by the directors. The annual meeting of this corporation shall be held on the first Tuesday after the 15th day of June of each year at the office of the company. The incorporators and stock holders shall meet at the office of the company in Tyler, Fla., on the 18th day of June 1907, for the purpose of adopting by-laws, completing the organization of this corporation, electing officers for the ensuing year and transacting any business which may come before such meeting. Until the pfficers elected at the first annual meeting shall be qualified the business of this corporation shall be conducted by the following officers: S. D. Rice, president; L. G. Connell, vice-president; L. E. Tucker, secretary; R. S. Hudson, treasurer, and S. D. Rice, L. G. Connell, L. E. Tucker, R. S. Hudson, J. A. Beach, J. D. Turner as directors.

Section 2—The election of directors shall be by ballot, each stock holder being entitled to one vote for each share of stock owned by him.

Section 3—The directors shall procure a seal to be known as the corporate seal which will be circular in form, and bearing the words "Alachua Trading and Improvement Company" Seal 1907.

ARTICLE 6—The highest amount of indeptedness or liability to which this corporation can at any time subject itself shall be ($75,000) Seventy-five thousand dollars.

ARTICLE 7—The following persons are subscribers to this charter, and have each subscribed to and for the amount and number of shares set opposite their names:

S. D. Rice of Tyler, Fla., fifty (50) shares.

L. G. Connell of Tyler, Fla., fifty (50) shares.

J. D. Turner of Tyler, Fla., fifty (50) shares.

L. E. Tucker of Tyler, Fla., one (1) share.

R. S. Hudson of Tyler Fla., one (1) share.

J. A. Beach of Tyler, Fla., one (1) share.

The foregoing articles of incorporation are this day approved and adopted as a proposed charter of the corporation to be known as Alachua Trading and Improvement Company, at a meeting of the subscribers held at Tyler, Fla., for that purpose.

In witness whereof we have hereunto set our hands and seals this 23rd day of April, 1907.

ALACHUA COUNTY....

Alachua county is 806,400 acres in area, has 248 miles railroad, 900 miles wagon road, 56 postoffices, 128 public schools, 27 phosphate plants, 20 saw mills, $75,000 court house, four newspapers, and produces corn, cotton, rice, sugar, oats, rye, potatoes, pineapples, oranges, peaches, pears, plums, pecans, and all kinds of vegetables

Gainesville, the County Seat...

Has fourteen churches, two public schools, the University of Florida, private schools, three newspapers, United States land office, the best water, fire alarm system, electric and gas lights, two ice factories, machine shops, three wood factories, cotton gin, two moss factories, three railroads, two fertilizer manufacturing companies, one fiber manufactory, one rectifying turpentine plant, two banks, and well stocked stores embracing everything in the commercial line.

SPECIAL OCCASION.

Southern Baptist Convention and Auxiliary Societies, Richmond, Va., May 16-21, 1907.

On account of the above occasion we announce round-trip rate of one fare, plus twenty-five cents in the sale of tickets to Richmond, Va., tickets at this rate being on sale from May 13th until 16th inclusive, with final limit to leave Richmond fifteen days from date of sale. However, by complying with certain conditions and upon payment of fee of $1.00, an extension of this limit to June 17th may be procured.

The Seaboard has been declared the Official Route for delegates to this meeting. Those having the matter in hand were evidently guided in reaching the decision to name the line by some of the attractive features of the service, noticeable among these being the double daily service with through coaches and sleeping cars and then the following: Our people, with an idea of affording delegates to this and other conventions held in Richmond, an opportunity for visiting the Jamestown Exposition, perfected an arrangement whereby the return portion of tickets reading from Richmond are honored from Portsmouth, Virginia, without additional charge. This alone certainly makes the Seaboard especially attractive.

There is a movement now on foot to have the Florida Baptists assemble in Jacksonville, moving from there on the same train—one might say in a body. This, too, will make the trip more pleasant.

MINE EXPLOSION.

Several Men Killed and Others Are Entombed.

Charleston, W. Va., May 3.—Three men were killed, four were seriously burned and four others are entombed and probably dead as a result of a mine disaster at the Whipple mines, in the Leap creek district on Wednesday afternoon.

The mine where the explosion occurred is a shaft 450 feet deep. It has two openings and belongs to the Tiron interests, who also own the Stuart mine, where an explosion occurred last January that killed 86 men.

The explosion Wednesday afternoon occurred about 3:30 o'clock in the main return heading about 1,200 feet from the foot of the shaft.

Much Sympathy for Rigsby.

Wetumpka, Ala., May 3.—There is sympathy expresed for Allen Rigsby, the old man who, with two sons and a son-in-law, is held for the murder of Deputy Sheriff McCain some time ago. One of the sons and the son-in-law have been convicted and given life sentences. However, there are many who feel for the old man, believing that he was drawn into the tragedy and is a victim largely of circumstances. He had accumulated a good body of land, and was getting along well in the farming line when trouble came to him.

Stop Grumbling.

If you suffer from Rheumatism or pains, for Ballard's Snow Liniment will bring quick relief. It is a sure cure for Sprains, Rheumatism, Contracted Muscles and all pains—and within the reach of all. Price 25c, 50c, $1.00. C. R. Smith, Tenaha, Tex., writes: "I have used Ballard's Snow Liniment in my family for years and have found it a fine remedy for all pains and aches. I recommend it for pains in the chest." Sold by W. M. Johnson.

Prima Donna Sails for Europe.

New York, May 3.—Fritzi Schiff was taken on boarl the French liner LaToraine Wednesday night and sailed Thursday for Havre. Though she is convalescing from her recent long illness, the prima donna is still very weak. From Havre she will go to Paris and then to Biarritz for a few days before sailing for a long stay at Carlsbad.

Universal Peace Still Remote.

Seattle, Wash., May 3.—Lieutenant General MacArthur, who is here to meet General Kuroki on his way from the Orient to the Jamestown exposition, declared Wednesday that in his opinion unniversal peace is still far distant. He considered the recent peace conference more as a success for curiosity than for practical movements.

For Suppressing Anarchy.

Madrid, May 3.—Severe measures for the suppression of anarchism in Barcelona are in contemplation. The governor of Barcelona has recently visited Madrid and discussed the question with the government.

THE UNION PICNIC.

Sunday Schools Will Visit Worthington Springs Next Friday.

The committee of the Methodist, Presbyterian, Baptist and Episcopal Sunday schools who were appointed to select a place for the annual picnic, have eventually decided upon Worthington Springs, as that resort will prove the most satisfactory to all concerned.

The picnic will be held on next Friday, the 10th inst. A special train via Atlantic Coast Line has been secured, and the schedule will be a convenient one. The train will leave Worthington at 5 p. m., reaching home at 6, in plenty of time for supper. The fare will be 60 cents for adults and 30 cents for children, round trip.

Worthington is an ideal spot for a picnic, and this will no doubt prove one of the most successful events of the year.

Everybody is invited to join in this excursion.

Caught Three Catamounts.

J. A. Kirby, a progressive citizen of the LaCrosse section, is a good fellow, but he is death on catamounts, as he has succeeded in capturing recently three young ones from the hammocks of the LaCrosse district, and has them in captivity. The specimens are of the finest, and Mr. Kirby is holding them for a premium.

The LaCrosse neighborhood has been annoyed considerably during the past few months by these intruders, which have captured many chickens, and the neighborhood will feel under obligations to Mr. Kirby for his efforts in cleaning the catamounts out.

Steckert to California.

W. R. Steckert has gone to Los Angeles, California, where he will represent Florida in the imperial conclave or counsel of the Shriners' degree of Masonry.

Mr. Steckert is a man of great influence, a clever entertainer, and will no doubt return with flying colors of the Florida division of the Shrine.

Mr. and Mrs. Chas. S. Hill, who have been residing in this city for the past two or three years, have removed to Lawtey. Mr. Hill, who is employed by the Cummer Lumber Company as a civil engineer, finds Lawtey a more convenient center for his work, hence has decided to locate there. While friends here regret very much to lose them, they will wish the family much happiness in their new home.

The people of Gainesville are glad to welcome O. P. Cannon and family as residents of Gainesville. They have been residing at Rocky Point for the past few months, but decided to return to Gainesville, on account of the many religious and educational advantages shown here. Mr. Cannon is engaged in trucking at Rocky Point.

A. McDavid, a progressive citizen and planter of LaCrosse, was in the city Thursday, and made The Sun an agreeable call. He reports the cotton crop in that section a fair stand, and the growers are now chopping. The crops on an average are good, but the corn is needing rain.
